

# TIFTUF™

## BERMUDAGRASS

**TifTuf™ Bermuda** is the newest “Tif” release from the world-renowned University of Georgia breeding program. After two decades of rigorous testing, it proved to have superior drought resistance by maintaining quality and color all while using less water than other varieties. TifTuf’s aggressive growth allows for faster establishment and quicker recovery compared to other bermudas. It has an attractive bright green color with faster spring green up and late fall color retention.

A **TURF** FOR ALL SEASONS

LOCAL. FRESH. FAST.  
**770-832-8608**

## CHARACTERISTICS

- GOOD shade performance
- REMARKABLE drought resistance
- HIGH traffic tolerance
- COLD hardy
