

Zeon® is a barefoot grass, soft to the touch and developed to provide a superior fine-bladed Zoysia. Its remarkable shade performance, low thatch production and improved traffic tolerance make it an ideal grass for home lawns, commercial installations and golf courses. Zeon's extensive root system produces a thick, compact turf in a wide range of soil types. Zeon is sold only as certified Zoysia.

### PERFORMANCE RATINGS

### CHARACTERISTICS

#### APPEARANCE

Fine blade; dark green color in growing season, warm brown in dormancy; excellent fall color retention

#### SHADE TOLERANCE

High; better than other Zoysias

#### DROUGHT TOLERANCE

Medium

#### MAINTENANCE

Low

### TECHNICAL DATA

- Drought resistant
